Continue to Payment

****If PayPal detects your email address has an associated PayPal account, it will prompt you to log in.**

****If no associated PayPal account, it will show you the payment details page to process payment.**

Make sure to turn off *Save info & create account* so you can pay as guest without creating an account.

The image shows a section of the PayPal checkout interface. At the top, there is a dropdown menu labeled "State" with a downward arrow. Below it is a text input field labeled "ZIP code". Underneath the ZIP code field, the text "Save info & create your PayPal account" is displayed. To the right of this text is a toggle switch. The toggle switch is currently in the "off" position, indicated by a black circle with a white checkmark inside. This toggle switch is highlighted with a red rectangular border. Below the toggle switch, there are three icons in a row: a yellow shield with a blue padlock, a blue shopping bag, and a green gear with a white percentage sign. Each icon has a corresponding text label below it: "Shop with confidence", "Shop millions of merchants", and "Save big with great deals". At the bottom of the section, there is a text input field labeled "Create password".
